Credit offers cannot be combined. Offers are subject to credit approval.

† Qualifying purchase amount must be on a single receipt. No interest will be charged and equal monthly payments will be required on each equal pay purchase until it is paid in full. These payments equal the total equal pay purchase amount (including taxes and delivery) divided by the number of months in the equal pay period, rounded up to the next whole dollar. These payments may be higher than the payments that would be required if this was not an equal pay purchase. During the last month(s) of the promo period the required monthly payment may be reduced due to the price rounding. If you do not make a monthly payment on time, a late fee may be charged to your account balance. Regular account terms, including the assessment of interest, will apply to late fees, any other fees and any non-promo purchases charged to your account and you will be required to pay those charges. New Accounts as of 10/1/26. Variable Purchase APR 31.24%. Variable Penalty APR 31.99%. Min Interest Charge $1. Existing cardholders: See your credit card agreement terms.
